# Peace in Industry Urged By Harrison

**A. F. of L. Secretary Tells Labor Memorial Day Radio Audience That the Workers, Who Bear the Brunt of All Wars, Want Friendship With the Entire World.**

By A. F. of L. News Service.  
Washington, D. C.—An stirring tribute to the workers of America as defenders of peace and democracy was made by the secretary-treasurer of the American Federation of Labor, in a Labor Memorial Day radio address over Station WJLB of the Columbia Broadcasting System.

He emphasized organized labor's great interest for industrial peace and economic security at home and for neighborhood relations with other nations.

The address was sponsored by the organized labor movement of the District of Columbia, and the Maryland State-District of Columbia Federation of Labor and was broadcast over the auspices of the Labor News Review radio program of The Trades Union of America, the official organ of the Central Labor Union.

The text of Secretary Harrison's address follows:

"This is Memorial Day and the heroes of labor passing the torch to the future. It is fitting that we should honor the memory of those who have sacrificed for the peace and democracy of the world."

"We are proud of the fact that the workers of America have given ample proof of their valor and of their loyalty. It is fitting that we should honor the memory of those who have sacrificed for the peace and democracy of the world."
